

## Stainless Steel Railing Solutions

Typical specification:

Railing height: 1000mm/36"/42"

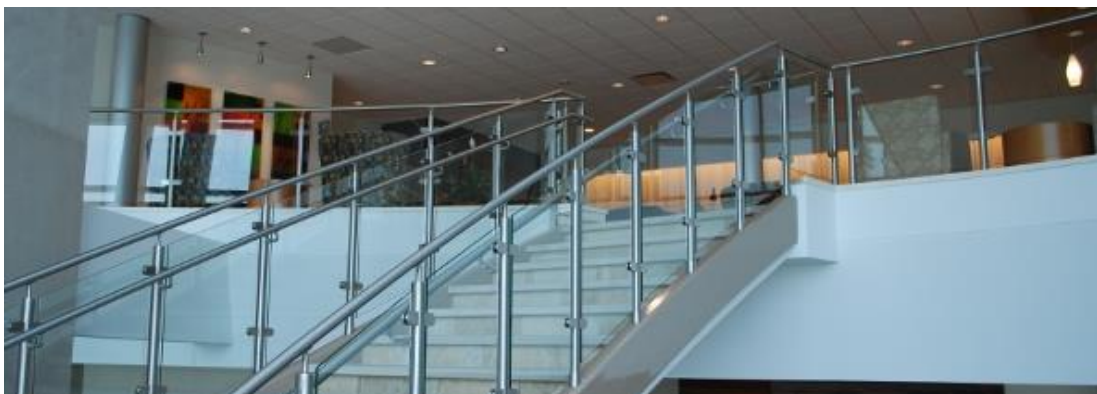

Glass: 10/12/5+1.14=5/6+1.14+6mm

Rod: 12mm

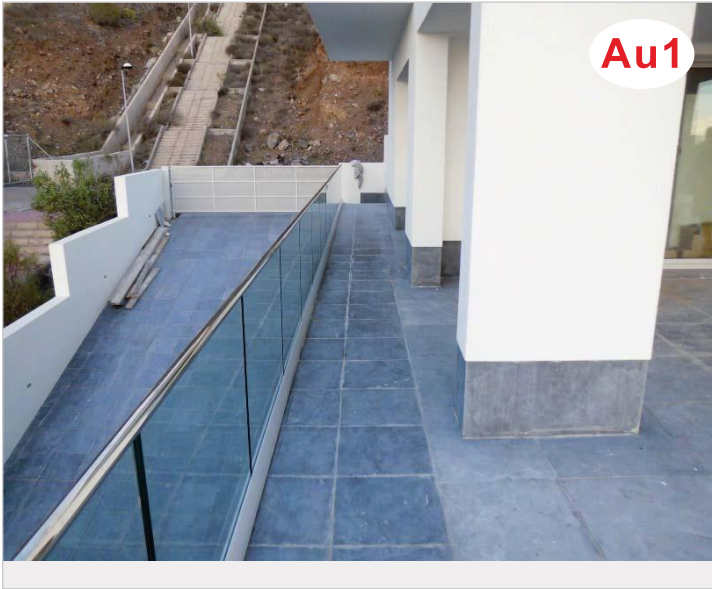

Wire: 4mm

Material: 304s.s./316L s.s.

Surface finish: mirror/satin

# Modular staircase solutions

## Material:

Beam: Q235 carbon steel/304s.s/316s.s.

Step: laminated tempered glass/solid timber

Connect: all parts connected by bolt, no welding needed

Size: size could be customized

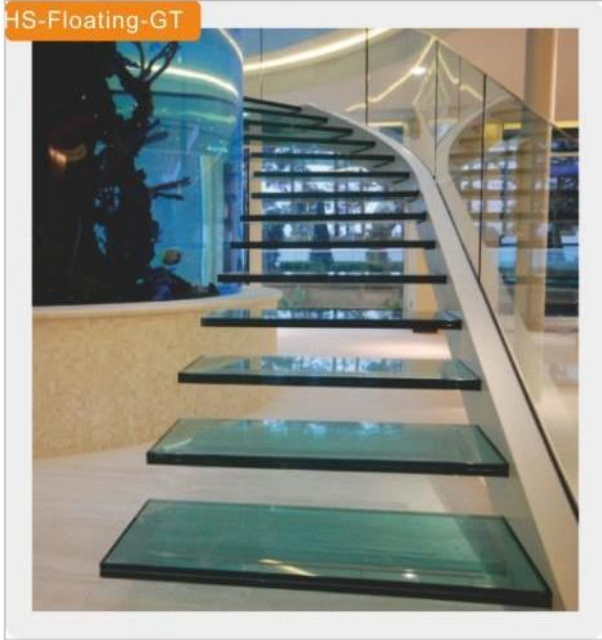

Strength: could afford 4 person(250kg) step on one tread at the same time  
outdoor stair could afford 6 preson (350kg) on one tread.

The stair and balustrade manufacturer in China, with 12 years export experience.

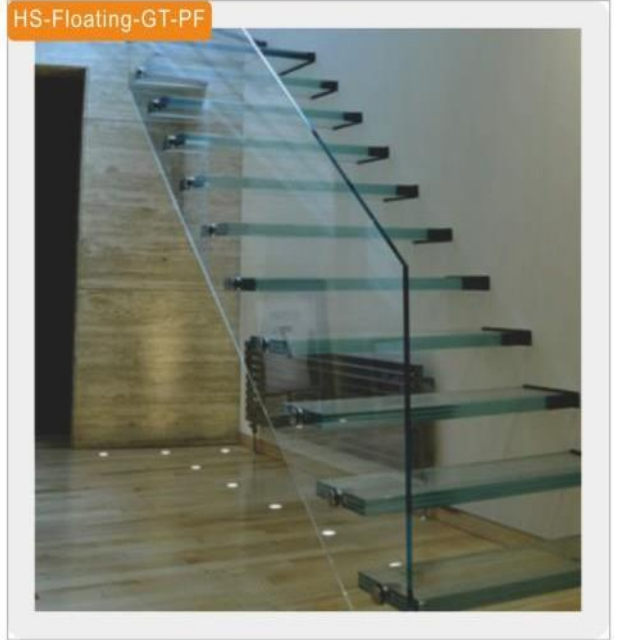

Our **advantage**: good price! good price! good price!  
good quality! good quality! good quality!
